## Summary

I'm Shahil, a third-year B.Tech Computer Science and Engineering student at Usha Martin University, passionate about technology and problem-solving. I have a strong foundation in programming with Java and Python, as well as experience with relational databases (RDBMS). I'm constantly exploring new tools and technologies to sharpen my skills, with particular interest in software development and AI/ML. I'm currently seeking opportunities such as internships or real-world projects where I can apply my knowledge, contribute meaningfully, and grow as a tech professional.
